

Digital Maker Activity Badge – Stage 1

How to earn your badge:

1. Connect computer peripherals or accessories, such as a screen and keyboard, and explain what job they do.

2. Design a game:

Use role play to act out how your digital game would work. Play the game with a group of friends and change the rules.

Using paper, prototype a game and explain to someone how it works. You could video your explanation.

Evaluate and share your idea.

3. Edit an existing website. You could change the design using a paper printout or software.

4. Play a game with a friend where one of you acts the part of a robot and the other sends the robot commands. Record on paper what sort of commands worked best and which were hard for the 'robot' to follow.
